Ecommerce Internship Opportunities at Portaltech Reply
Portaltech Reply (PTR) are specialists in the implementation of the hybris
Ecommerce platform, multichannel consulting services, system integration,
service management and hybris hosting. We have delivered over 200
projects for market leading B2C and B2B brands and retailers including: TUI,
Iceland Foods, Costco Wholesale, O2, Vodafone, Royal Mail, Phones4U,
H3G and Monsoon & Accessorize.

Every year we take on a number of interns into the business, each of them
is allocated onto real projects and can often be substantial contributors to
the final working solution. The below are some examples of the
development tasks completed by our interns in the last 12 months:

- Developing web services for hybris to enable interfacing with Oracle
  Siebel V3 and SAP systems
- Performing penetration testing and completing remediation to
  ensure our solutions are secure
- Writing support tools for hybris to enable easy identification of
  interface issues
- Integrating hybris with a 3rd party validation rules engine
- Completing performance testing of our staging and productions
  systems to benchmark them prior to launch
- Delivering training to clients on solutions and integration developed
  during projects

What we are looking for:
At PTR we are looking for enthusiastic students from a Computer Science
related degree, in the penultimate year of their course. The successful
candidates should have Java development experience, exposure to working
in small teams and be competent at documenting their approach/solution
to defined tasks.

Any presentation experience will also be beneficial, as interns can often be
exposed to the client as part of the development and training phases on
projects.

Details of the internship:
- Employment Type: Full-Time
- Duration: 12 Months
- Salary: £20,000 per Annum
- Location: Victoria, London

Intern Screening Process:

PTR will select a number of candidates based on their submissions for an initial interview at the University and if successful, a number will be invited to an interview at the PTR office in London.

How to Apply:

For all those interested in an internship at Portaltech Reply, please send a covering letter and CV to the below email address with the subject of "Intern Recruitment - 2014/15":

b.bell@replyltd.co.uk

All covering letters and CVs need to be submitted by 17:00 on 20th November 2014.

Kind Regards,

Ben Bell
Intern Coordinator
