Subject: [Careers Service] NATS 2014-15 Early Career opportunities

Dear University

NATS 2014-15 Early Career opportunities have now opened! This year we have 6 Industrial Placement opportunities and 1 Direct Entry Graduate opportunities available to students.

Industrial Placements

Our Industrial Placements are designed for students in their second year at university, who are looking for a sandwich year opportunity; this year we have 8 placement opportunities for students in the following specialisms:

- Training Delivery Support – Business Studies
- Engineering
- Information Solutions
- Operational Analysis
- Safety
- Supply Chain Management

Direct Entry Graduates

Our Graduate positions are available to students close to the end of their degree. Students will join our two-year, graduate programme, which provides a clear route for progression and development, via a mix of on-the-job training and classroom tuition. This year we have 1 scheme open, in Engineering.

Full information on the positions available can be found below, we would appreciate it if you could forward the details to the relevant faculties and students looking for a 2014-15 employment opportunity.

Business Area	Program	Salary	Job Ref	Scheme name	Closing Date	External application Links
