

Dear University

NATS 2015 Early Career opportunities are currently open for applications! This year we have 7 Industrial Placement opportunities and 1 Direct Entry Graduate opportunity available to students.

Industrial Placements

Our Industrial Placements are designed for students in their second year of university, who are looking for a 12 month sandwich year opportunity; this year we have 6 placement opportunities for students in the following specialisms:

- Supply Chain Management
- Safety
- Training Delivery Support (Business Studies)
- Information Solutions
- Operational Analysis
- Engineering
- Training Design

Direct Entry Graduates

Our Graduate position is available to students coming to the end of their degree. The placement will be within our Engineering department and students will join our two-year, graduate programme, which provides a clear route for progression and development, via a mix of on-the-job training and classroom tuition.

Full information on the positions available can be found below, we would appreciate it if you could forward the details to the relevant faculties and students looking for a 2014-15 employment opportunity.

Business Area	Program	Salary	Jobs	Scheme name	Closing Date	External application Links
