Dear Students,

We are once again looking to take on students from Aberystwyth for an industrial placement year.

The placement would be with Amadeus Germany GmbH, located in Bad Homburg, Germany (right next to Frankfurt).

The role would be primarily within the Software Development Engineering (SDE) Team. The tasks of this team include supporting developers around the world, maintaining development servers and environments, along with administering several tools and web portals. This is carried out in collaboration with the other SDE teams located on other sites. A short-term transfer to another department in Bad Homburg may also be possible, and can be discussed during the placement.

The role and tasks can be adapted to best fit the applicant. However, knowledge in some of the following areas is desirable:

Perl, Python, C / C++, HTML, Puppet, Linux server, Windows server.

The start and end dates are flexible to suit the students' needs.

German is **not** necessary!

For further information, please feel free to contact Kristian Schuhmacher via email kristian.schuhmacher@de.amadeus.com. A call back can also be requested.

To apply, please email your cover letter and CV to Kristian – but please address these to his department manager, Mr Bernd Hellwig.

Application deadline is <u>midday Friday 20th March 2015 GMT+1</u>

If you have already applied before these will be processed – no need to resubmit.
