

Computer Science Industrial Placement

About us

Method4 is an IT consultancy based in central Cardiff. We create innovative solutions for our clients with the latest technology using industry accepted methodologies. See www.method4.co.uk for further information.

The role

You will form an essential part of the team, working closely with technical staff on both client projects and internal product development projects. You will gain exposure to all aspects of the project lifecycle, including systems analysis and design, object oriented development (.NET), database development (SQL Server) and software testing.

We are looking for

- an enthusiastic approach to work
- good communication / interpersonal skills
- pride in a job well done
- an eye for detail
- an interest in all stages of the project life cycle

To apply

Please send your CV to jobs@method4.co.uk by 31st January 2016.

Lleoliad Diwydiannol Cyfrifiadureg

Amdanom ni
