Software Developer Placement 2016

Location: Barnsley, South Yorkshire

The Egress Placement Program is a fantastic opportunity for ambitious individuals looking to take their first steps in a Software Developer role in a software-based IT Security organisation. Our Software Developers are at the heart of our new product development initiatives.

The Role:

Successful candidates will be responsible for the analysis, design, development and documentation of the Egress product portfolio. Working in close collaboration with QA and Project Management colleagues you will be working to deliver against priorities established by the Product Steering Committee and Board of Directors.

The day to day content of the role varies enormously, but you are likely to:

- Develop and maintain baseline knowledge of some elements of the Egress product portfolio from both an End-User and Engineering point of view
- Author technical design documentation for discrete modules of code
- Implement modular changes to existing code executing programming tasks defined by more senior colleagues
- Debug own code with minimal support from others
- Document how to test a feature or module they have written
- Participate in and contributes to regular team scrums / standups
- Participate in code reviews on a weekly basis, seeking and absorbing guidance from more senior colleagues

The Person:

We are looking for talented undergraduates to take join us for their placement year developing software in our Product teams. This position is for a current second year student at university who is studying a computer-based degree. You will be looking for an industrial placement year within our Software Development team based in our Barnsley office.

You will have a mathematical or scientific mind, and you will have a passion for Software Development.

You will possess a natural communication style and outstanding interpersonal skills. A demonstrable ability to work on your own initiative and as part of a wider team is essential.

Full training in the company's product portfolio will be provided to you.

This role is based in our Barnsley office, but you may be required to travel throughout the UK from time to time. The role will start in Summer 2016 and will last 12 months.

The base salary for this position is £14,000 per annum.

If you manage to impress us throughout the duration of your placement year, it is possible you could be offered a permanent graduate position.

The company

Egress is proud of our uniquely agile, effervescent, and people focussed environment. Our core values of Culture, Excellence, Ambition and Integrity run through everyone who works for us, and everything we do.

We are a sociable company, working hard and playing hard in equal measure. The atmosphere in our offices is friendly and supportive, with a competitive edge! We enjoy regular nights out and there are plenty of social activities including company funded team lunches and monthly activities. Employees also enjoy free breakfasts and fruit, and top end coffee.

We have two offices in the UK, in London and South Yorkshire. This position will be based in the Yorkshire market town of Barnsley.

If you are interested in this role, please send your CV to careers@egress.com**.**
