

IY placements at Amadeus in Germany

Amadeus e are looking to take on the 5th generation of students from Aberystwyth for an industrial placement year .

The placement would be with Amadeus Germany GmbH, located in Bad Homburg, Germany (right next to Frankfurt).

They are looking to offer two different job roles:

#1 - SoftwareDev / SysAdm

This role would be primarily within the Software Development Engineering (SDE) Team in Bad Homburg, Germany.

The tasks of this team include supporting developers around the world, maintaining development servers and environments, along with administering several tools and web portals. This is carried out in collaboration with the other SDE teams located around the world. A short-term transfer to another department in Bad Homburg may also be possible, and can be discussed during the placement.

The role and tasks can be adapted to best fit the applicant. However, knowledge in some of the following areas is desirable:

Perl, Python, C / C++, HTML, Puppet, Linux server, Windows server.

There is one position available here.

#2 - Android and mobile dev

This role would be within the mobile development team in Bad Homburg, Germany.

The tasks would include continuing development on existing mobile applications and helping to create new prototype apps.

Desired knowledge includes Android & Java, UI & UX for mobile dev, PHP, JavaScript, HTML, CSS and frameworks such as AngularJS, Node.js and Bootstrap.

There are up to two positions available here.

General info:

- For both positions, the start and end dates are flexible to suit the students' needs and university requirements

- German is NOT necessary!

How to apply:

- To apply, please email your Cover Letter and CV to Kristian (email below).
- You must provide these as two separate PDF documents (I'm a Linux user)
- Please include at the top of your cover letter whether you are applying for role #1, #2 or both.

For further information, please feel free to contact Kristian Schuhmacher via email kristian.schuhmacher@de.amadeus.com. A call back can also be requested.

Application deadline is midday Wednesday 17th February 2015 GMT+1

All the best,

Kristian
