

Position Title: Android Development
Position No: 2017-18/AU06

About us:

Amadeus provides the technology which keeps the travel sector moving – from initial search to making a booking, from pricing to ticketing, from managing reservations to managing check-in and departure processes.

Amadeus Germany is located in the town of Bad Homburg connected to the Frankfurt public transportation system. Of the 550 employees located at this office, around 150 are in the Research & Development department.

About the position:

Collaborate in a SCRUM team (Development and Product Definition) and help developing Android Apps for the NECSE Mobile Competency Center

The main activities will include:

- Design and build advanced applications for the Android platform
- Collaborate with cross-functional teams to define, design, and ship new features.
- Work with outside data sources and API's
- Work on bug fixing and improving application performance.
- Continuously discover, evaluate, and implement new technologies to maximize development efficiency.

About you:

Necessary skills:

- Good knowledge of Java
- Good knowledge of Android SDK
- Good knowledge of generic Android App Development

An advantage would be to have some experience with UI/UX for Mobile Development or Responsive web Development.

You must be on a degree scheme that requires a compulsory industrial year.

Your application:

As part of your application, please include your CV and a cover letter as PDF, quoting the position number. You should address your application to Kristian Schuhmacher. Email your completed application to iy-at-fra@de.amadeus.com with the subject "Application 2017-18/AUxx" (where xx is the last two numbers in the position number).
