Developer

At Method4 we're development people, we build brilliant and complex software solutions and make it look super easy. We have Graduate opportunities available for a Developers to join our Agile development circles, working on projects for clients in both the public and private sector.

We're based in a great location in the centre of Cardiff, a short walk from Cardiff Central Station in the emerging tech centre of the Welsh capital. We know to create the best technology we need the best people, so we make a real effort to make Method4 not only a lovely place to work but a place where our people can do amazing things.

We're looking for:

- IT related degree or equivalent experience
- An enthusiastic approach to work
- Good communication/interpersonal Skills
- Pride in a job well done
- An eye for detail
- An interest in all stages of the project life cycle

Essential skills:

- Object-oriented development (such as .NET or Java)
- Database development (including SQL)
- Web technologies

Desirable skills:

- .NET MVC or Web Forms
- JQuery, JavaScript, CSS
- Agile development (for example SCRUM)

Salary: According to experience

Benefits: Pension scheme, 25 days holiday per annum (plus bank holidays), free freshly ground coffee and fruit onsite.

Hours: Full (37.5 hours) and part-time positions available, please state your preference on your application.

Applications: Please send your CV to jobs@method4.co.uk stating if you're applying for a full or part time position.
