

Position Title: Innovation Developer
Position No: 2018-19/AU03

About us:

Amadeus provides the technology which keeps the travel sector moving – from initial search to making a booking, from pricing to ticketing, from managing reservations to managing check-in and departure processes.

Amadeus Germany is located in the town of Bad Homburg connected to the Frankfurt public transportation system. Of the 550 employees located at this office, around 150 are in the Research & Development department.

About the position:

This role is part of the global innovation community. The position will involve sitting together with an idea owner, to help them turn their idea into a functioning prototype that can be demonstrated to customers and at special events. This will also involve working with new technologies and hardware, e.g. Internet of Things (IoT) devices, AR-MR-VR glasses, Home Voice Assistants, Humanoid Robots etc.

About you:

You are creative and flexible. This is for someone who is looking to solve new problems by coding prototypes. This could include web, mobile, database and system backends. This role is ideal for someone who wants a challenge and is versatile in many technologies.

You must be on a degree scheme that requires a compulsory industrial year.

Your application:

As part of your application, please include your CV and a cover letter as PDF, quoting the position number. You should address your application to Kristian Schuhmacher. Email your completed application to jy-at-fra@de.amadeus.com with the subject "Application 2018-19/AUxx" (where xx is the last two numbers in the position number).
