

Position Title: Web Development

Position No: 2018-19/AU04

About us:

Amadeus provides the technology which keeps the travel sector moving – from initial search to making a booking, from pricing to ticketing, from managing reservations to managing check-in and departure processes.

Amadeus Germany is located in the town of Bad Homburg connected to the Frankfurt public transportation system. Of the 550 employees located at this office, around 150 are in the Research & Development department.

About the position:

Collaborate in an agile team (Development and Product Definition) and help develop mobile solutions as a member of the NECSE Mobile Competency Center.

The main activities include:

- Design and build advanced applications for the backend part or web platform
- Collaborate with cross-functional teams to define, design, and ship new features.
- Work with outside data sources and API's
- Work on bug fixing and improving application performance.
- Continuously discover, evaluate, and implement new technologies to maximize development efficiency.

About you:

Necessary skills:

- Good knowledge of Java
- Good knowledge of web technologies such as HTML and JavaScript, and respective frameworks like Angular 2.

An advantage would be to have some experience with UI/UX for Responsive web development.

You must be on a degree scheme that requires a compulsory industrial year.

Your application:

As part of your application, please include your CV and a cover letter as PDF, quoting the position number. You should address your application to Kristian Schuhmacher. Email your completed application to iy-at-fra@de.amadeus.com with the subject "Application 2018-19/AUxx" (where xx is the last two numbers in the position number).
