

NET WORLD SPORTS

Junior Web Developer – One Year Placement

Net World Sports is on an exciting journey as we strive to become the best sports equipment retailer in the world. It's a pretty bold ambition but being bold is what sums us up as a business, what stands us apart from our competitors and what has fuelled our rapid expansion. In the last financial year alone, we have doubled our fantastic workforce, tripled our warehouse space and seen our global sales grow at such a rate that won us the accolade of 2nd fastest growing privately owned business in Wales (45th in the UK) by the Sunday Times Fast Track 100.

We're looking for passionate and aspiring web developers to spend a year with our Magento developers. If you've got talent, determination and ambition, combined with bucket loads of energy and a genuine desire for success, then you'll be in great company.

This team is at the forefront of Net World Sports, constantly researching, testing and implementing innovative solutions to offer customers the very best online experience and drive our business forwards. It's an exciting opportunity for the right person to come in and learn about our rapidly growing business and experience real ownership from day one.

You'll be helping to implementing a range of development projects and tasks, from module development to wide scale roll-outs. Working alongside the design team you'll be bringing to life exciting features which will result in positive customer engagement. With all your work, you'll ensure thorough testing is carried out on all projects to guarantee effective functionality.

You'll help to find ways to improve our global Magento websites, ensuring that customers receive the very best shopping experience. We've got a few Magento sites (18 in fact!), some on different versions of Magento, so you'll gain varied experience as we look to make constant improvements, optimising the user journey each time.

What we'd like to see from you:

You'll be able to produce clean and well documented code

You'll have the ability to work alone and as part of a team, working to meet strict deadlines

You'll be full of ideas, constantly suggesting ways that we can improve

You'll have an enthusiastic, positive attitude, and you'll thrive on a challenge

You'll be able to work independently and as part of a team

You'll spend time learning and developing your skill set as you're genuinely passionate about web development

Perks of the job:

We believe that the best people deserve the best working environment. In addition to holiday and pension benefits, we're keen to ensure that our fantastic team truly love coming to work.

Professional training opportunities - learn and develop to be the best you can be

Summer and Christmas parties - because just one celebration a year isn't enough!

Monthly football games - will the office ever beat the warehouse!?

Free fruit - delivered to the office for you to help yourself to

Unlimited tea and coffee - to keep you going!

Discounted sports equipment - so you, your family and friends can enjoy our products too

Unrivalled career progression - we're growing at an unbelievable pace, so join and grow with us

Long service rewards - in order to represent your dedication and commitment to us

Hours: 09.00am – 5.30pm, Monday – Friday

Salary: Competitive

Location: Net World Sports, Bryn Lane, Wrexham Industrial Estate, Wrexham, LL13 9UT
