

STUDENT SYSTEMS DEVELOPER

VASTRE ENTERPRISE PARK– NEWTOWN

LAURA ASHLEY LTD IT DEPARTMENT

Laura Ashley is a quintessentially English lifestyle brand founded on a rich design heritage and on the traditional values of quality and originality. We use prints and designs that evoke the alluring beauty of the English countryside, for the way you live today.

We currently have a vacancy for the position of Student Systems Developer in the IT Department reporting to the Technical Systems Support Manager. This role requires the candidate to develop and configure software, databases and applications that service business processes, extend the functionality of existing packages and solutions and to support existing software and databases.

The hours of work are 37.5 hours per week.

The main duties include:

- To write and support software
- To work closely with analysts and other technical specialists and third party technical experts
- To develop reports and queries
- To produce documentation , ie specifications, test scripts, training guides

The successful candidate needs to have excellent communication skills, a willingness to learn and adapt to changing technology. Must have a methodical approach and attention to detail, along with an aptitude for problem solving/fault finding.

If you are interested in applying for this role please send your covering letter and CV to - HR Department, Unit E, Vastre Enterprise Park, Newtown, Powys SY16 1DZ or email newtownvacancies@lauraashley.com
