

Position Title: iOS / Android Developer
Position No: 2019-20/AU04

About us:

Amadeus provides the technology which keeps the travel sector moving – from initial search to making a booking, from pricing to ticketing, from managing reservations to managing check-in and departure processes.

Amadeus Germany is located in the town of Bad Homburg connected to the Frankfurt public transportation system. Of the 550 employees located at this office, around 150 are in the Research & Development department.

About the position:

This role is based within the 'Digital for Airlines' Team in Bad Homburg, Germany. This team has two main tasks:

1. Participation to the central e-Commerce solutions for airline customers, as well as participating to dedicated airline projects for the European region.
2. Working on a native iOS application to be used by Airline Agents in the airport to serve better their customers while being more mobile.

This role comprises of two major tasks:

- Understanding the architecture (redux like) of the application, creation of components and in general the overall development environment (Test automation, Continuous integration and delivery, etc.).
- Analyse what could be the different strategy to ease the development of the Android version of the app that will come in the future, what should be done on current architecture, what could be the tools to be use, etc.

These tasks will be done with the constant support from experienced developers.

About you:

Required: Android, iOS know-how or motivation to learn (OO Programming Language knowledge is a must)

Desirable: Deeper knowledge on mobile development

You must be on a degree scheme that requires a compulsory industrial year.

Your application:

As part of your application, please include your CV and a cover letter as PDF, quoting the position number. You should address your application to Kristian Schuhmacher. Email your completed

application to iy-at-fra@de.amadeus.com with the subject "Application 2019-20/AUxx" (where xx is the last two numbers in the position number).
