

**Position Title:** Mobile Web Development

**Position No:** 2019-20/AU05

## About us:

Amadeus provides the technology which keeps the travel sector moving – from initial search to making a booking, from pricing to ticketing, from managing reservations to managing check-in and departure processes.

Amadeus Germany is located in the town of Bad Homburg connected to the Frankfurt public transportation system. Of the 550 employees located at this office, around 150 are in the Research & Development department.

## About the position:

Collaborate in an agile team (Development and Product Definition) and help develop mobile solutions as a member of the Amadeus Mobile R&D Team.

The main activities include:

- Design and build advanced applications for the web platform and/or backend part.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Work with outside data sources and API's
- Work on bug fixing and improving application performance.
- Continuously discover, evaluate, and implement new technologies to maximize development efficiency.

## About you:

Necessary skills:

- Good knowledge of web technologies such as HTML and JavaScript, and respective frameworks like Angular 2.
- Good knowledge of Java.
- Interested in Java frameworks like Spring boot.

An advantage would be to have some experience with UI/UX for Responsive web development and in iOS or Android development.

You must be on a degree scheme that requires a compulsory industrial year.

## Your application:

As part of your application, please include your CV and a cover letter as PDF, quoting the position number. You should address your application to Kristian Schuhmacher. Email your completed application to [jy-at-fra@de.amadeus.com](mailto:jy-at-fra@de.amadeus.com) with the subject "Application 2019-20/AUxx" (where xx is the last two numbers in the position number).

## Have questions?
