

Position Title: Java Developer
Position No: 2019-20/AU06

About us:

Amadeus provides the technology which keeps the travel sector moving – from initial search to making a booking, from pricing to ticketing, from managing reservations to managing check-in and departure processes.

Amadeus Germany is located in the town of Bad Homburg connected to the Frankfurt public transportation system. Of the 550 employees located at this office, around 150 are in the Research & Development department.

About the position:

This role is based within the German Backend (GBE) Team in Bad Homburg, Germany. The task of this team is transform the German Backend and its processes towards DevOps including Continuous Integration and Delivery targeting fully automated end-to-end processes and provide general tools and services around a shared development & test infrastructure.

Example tasks for this position could be developing an internal test shooter providing a web-frontend as well as log file management tools.

About you:

Knowledge in some of the following areas is desirable:

Java, TypeScript, Angular, Spring, Linux (Ubuntu), Docker.

You must be on a degree scheme that requires a compulsory industrial year.

Your application:

As part of your application, please include your CV and a cover letter as PDF, quoting the position number. You should address your application to Kristian Schuhmacher. Email your completed application to iy-at-fra@de.amadeus.com with the subject "Application 2019-20/AUxx" (where xx is the last two numbers in the position number).
