

Industrial Year Mobile App Developer.

GloverSure Ltd is looking for an industrial year mobile app developer for 2019/20. The position is located at our Chester office. Our Chester office is located in the centre of the city, with the train station ideally located next door. We are a multi-award winning, forward thinking, digital development company creating mobile applications, custom web applications and managing e-commerce systems for hundreds of big and small companies around the UK.

We are looking for developers to work on a wide variety of cutting edge projects and technologies, we provide a detailed introductory course to the various technology stacks we use. We have a proud history offering Industrial Year placements, with several of our staff having done this very placement. We feel that you will gain a great amount of experience and insight from working in a small/medium sized business like ours.

What we can offer you:

- You'll be provided with a dual screen development machine with your own choice of software tools.
- Ability to work on various types of project with the flexibility to specialise if you wish.
- Responsibilities include working closely with clients and heading up projects with other members of staff if you choose.
- A relaxed, trust based and passionate environment to help you focus on creative solutions for our clients.
- Some great perks - office foosball league, regular pool and movie nights, weekend trips and activities.

What we are looking for:

- Good university marks in programming focussed modules.
- Motivated individuals who want to work in the software industry.
- Knowledge of Object Orientated development practices, experience with the latest PHP-7 syntax and JavaScript ES6/ES2015 is desirable but not required.
- Experience with using Git, automated testing and software build tools.
- A quick learner, ready to pick up new skills and think of creative solutions
- Works well in a team and with our designers who will write your SCSS and HTML5
- An appreciation of writing well organised an easy to maintain code.

How To apply:

Please submit your CV by email to jobs@gloversure.co.uk Please include any examples of your work which you feel demonstrates your programming capabilities.

Mr. J. Knight, GloverSure Ltd, Severn Business Centre, Severn Farm Enterprise Park, Welshpool, Powys, SY21 7DF.
