

Mechanical Engineer Placement at Bühler UK

Bühler UK offers a number of opportunities for Industry Engineering Placement roles in our world class Research & Development department. We're looking for engineers and managers of the future to join the Research and Development department of Bühler UK. You'll be working with 80 professional engineers to design the next generation of optical sorting machines.

Job Description

In this role you will be fully integrated into a team of 20 mechanical engineers, working in a multi-disciplinary R&D department.

You'll experience a wide range of practices; design and development of small projects, evaluation of concept and proof of principle testing, engineering change orders and legal/patent analysis. You'll get to know our CAD software, design parts and build 3D assemblies, prepare drawings for manufacture, assist with manufacture and communicate with our in-house workshop and external suppliers.

Skills Required

Studying for a degree (or equivalent qualification) in Mechanical Engineering or Product Design.

About The Company
