

Industrial Placement—Salary £18,542

Full time (37 hrs p/wk) and flexible working.

An exciting opportunity for innovative, highly motivated individuals to join our Digital Services Team within Companies House in Cardiff.

You will have the opportunity to be at the forefront of the Government Digital transformation and to meet the ever-changing demands of the UK's business landscape. Throughout this programme you will gain experience of all the following areas:

Development

As a developer on one of our scrum teams you'll be building a combination of web services for our online users, APIs for external software developers to build against and software for our internal users. You will have the opportunity to work with a range of technologies including Java, Golang, Node.js, AWS and MongoDB.

Analysis Management

The Analysis Team are responsible for translating business requirements into business solutions. In this team you will gain experience of ensuring that all system and business components seamlessly integrate to provide business solutions with the flexibility for adaptation to meet new requirements. Working with teams within Companies House to make sure requirements are fully captured, and to assist in the development and assessment of design solutions for meeting those requirements.

Test Analysis

The Test team are responsible for testing new and existing systems including all Companies House web-based services and internal systems. You'll gain experience in the execution of manual and automated test scenarios throughout a project's life cycle, track and resolve problems arising from the test process and aid in the creation of full documentation of the test runs and procedures for audit and regression purposes.

Half a day a week is devoted to Innovation time where everyone in digital can work on whatever they choose, be that building new applications, trying new technologies or working towards certifications, it's up to you. In addition to this we offer lots of opportunities to have training as and when it is needed. We trust and empower our staff to work in a way which best suits them and flexible working hours enable everyone to perform at their best.

We're looking for individuals who love learning new things and can adapt to meet the needs of the situation. You'll be prepared to use your own initiative and enjoy working as part of a team.

Inclusive and diverse teams are important to us. Wherever we can, we provide opportunities to look for smarter ways of working. We'll support you to meet other commitments and help you strike a better work-life balance. We're keen to create an environment that works for everyone.

Behaviours to be assessed at sift and interview

We'll assess you against these behaviours during the selection process: **Working Together, Delivering at Pace, Communicating & Influencing and Developing Self and Others.**

Assessment

The initial sift will be based on the CV and personal statement provided on application. Those that are successful will be called for an interview and or activity.

Help and Support

Full details are available on the **Success Profiles Framework**. For further help and support, please contact **Lizzie Roddis**. E-mail: Iroddis@companieshouse.gov.uk

Security

Successful candidates must pass a disclosure and barring security check.

Closing date **21.3.2021**

Interviews week commencing **12 April 2021**

Applications will be via Civil Service jobs
