

Company: Net World Sports Ltd.

Role: Junior Web Developer

Looking for an exciting opportunity to jumpstart your career in web development? We are currently seeking a Junior Web Developer for an industrial placement position within our company.

Net World Sports is the leading provider of high-quality sporting equipment worldwide. We are a fast-paced, fast-growing, and innovative company that values talent, determination, and ambition.

As a Junior Web Developer, you will have the opportunity to work alongside experienced professionals and gain valuable industry experience in a supportive and collaborative environment. You will be responsible for developing and maintaining websites, implementing new features, and ensuring that our web applications are always up-to-date and functioning optimally.

The ideal candidate for this position will have a strong foundation in iOS development or web development technologies such as HTML, CSS, and JavaScript, as well as experience with PHP, MySQL, and other web development frameworks. You should be a self-starter with a passion for learning and a desire to take on new challenges.

This is an excellent opportunity to gain hands-on experience in a fast-paced, dynamic industry and to develop your skills in web development. We offer competitive compensation and benefits, as well as the opportunity to work with a talented team of professionals who are committed to excellence.

If you're ready to take the next step in your career apply now for our Junior Web Developer industrial placement position!
